# *Dedication*

Home of the Bradley Braves, heart of numerous social events, location of many outstanding fine-arts programs—the 1952 ANAGA is dedicated to the A. J. Robertson Memorial Fieldhouse, and to Scotty, its beloved custodian. To Bradley students and faculty, however, the fieldhouse is more than a structure, and Scotty is more than a custodian. To us, the fieldhouse is something real and vital. Our sports, social, and cultural activities revolve around it. The fieldhouse was erected in memory of "Robbie's" spirit of good sportsmanship . . . a spirit which is personified today in the person of the custodian, Scotty.

## Registration Day

The fieldhouse was converted into a maze of tables and counters for registration week. Upperclassmen hailed their friends and paused long enough to exchange news while waiting to arrange their courses. The freshmen, with a week of orientation behind them, added slightly to the confusion while they tried to follow the arrows in the foyer and collect all the necessary paraphernalia. After several hours, we were finally through and stumbling out under a load of books. We fervently hoped that it would be worth it all.

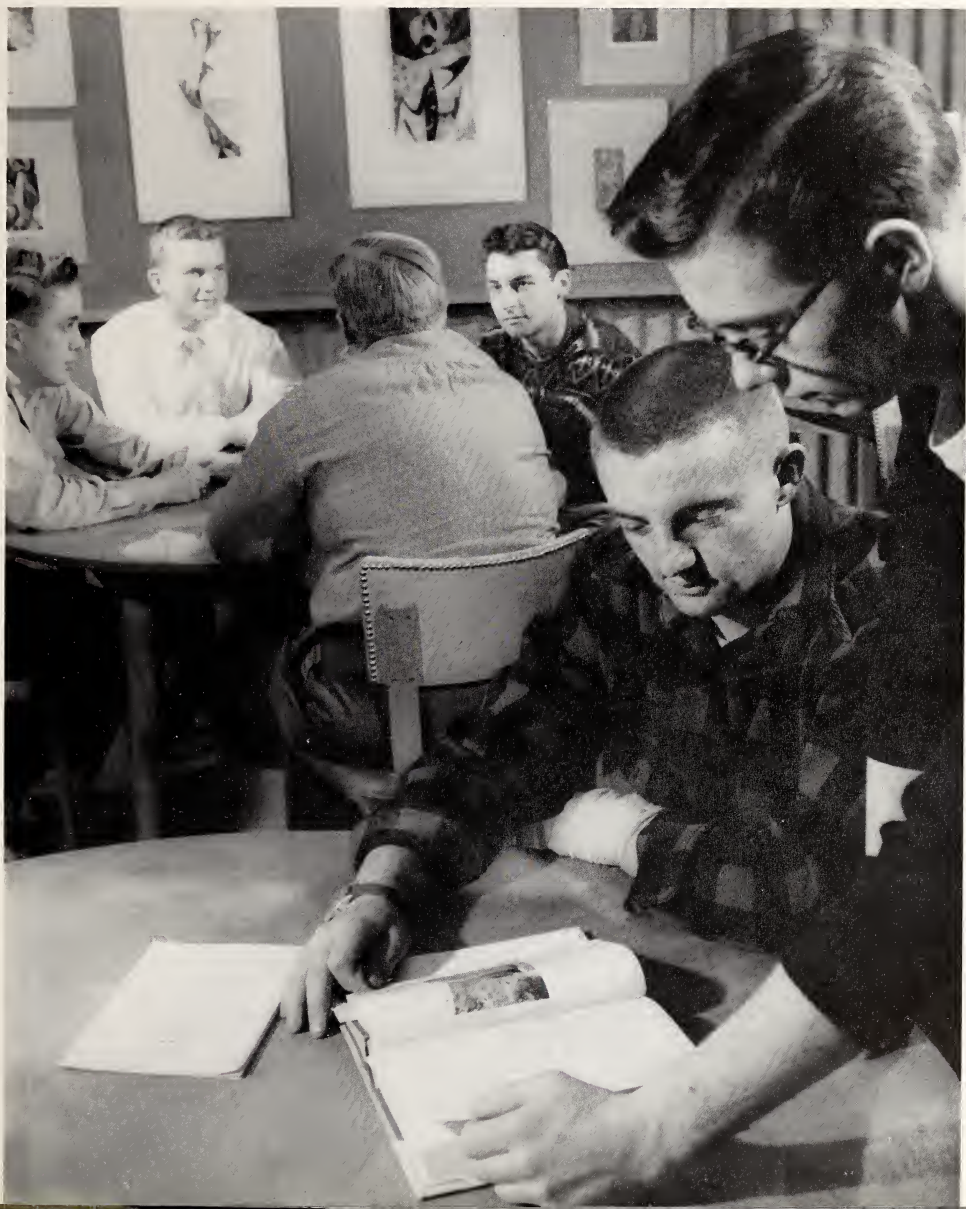

### ***Founder's Day***

Founder of Bradley Polytechnic Institute in 1897, Mrs. Lydia Moss Bradley was honored at the annual October convocation. This year, the Founder's Day convocation fell in the middle of the Homecoming weekend, on October 19. Students already feeling the effects of the hectic Homecoming paused their last-minute efforts to attend the convocation held in the fieldhouse. Faculty members, wearing the caps and gowns of their respective Alma Maters, marched in the faculty procession. Highlights of this 55th convocation were Harold Lynch's recollections of Bradley days around the turn of the century, and the unveiling of a portrait of Dr. Charles Wyckoff, dean emeritus.

### **New Men's Dormitory**

Bradley's new men's dorm was officially dedicated on October 19, following the annual Founder's Day convocation. Erected in little more than a year, the dormitory was built at a cost of \$800,000. The four story building is the third large addition to Bradley's campus in as many years. Composed almost entirely of concrete and metal, the dorm has 156 rooms which house 400 occupants. In addition, there is a snack bar in the basement. Known as the Braves' Huddle, it not only is convenient for the men in the dorm, but is a meeting place for students between classes.

## **HOMECOMING**

Homecoming, October of 1951. And among the highlights were . . . the crowning of Marilee Streibich . . . the Stunt Show with the stirring songs of the Tekes and Sigma Chis . . . the parade held in the rain which didn't dampen the beauty of either the Delta Chi Delta or Lambda Chi Alpha floats . . . the unique figure of Alpha Pi's fortune-telling house dec. . . . the 34-6 victory over New Mexico A. & M.

The hard work, the sleepless nights, the anxiety, all came to a sparkling finish when the winners received their trophies at the dance.

### **Student Elections**

The appearance in early October of campaign posters in B hall and placards along the campus walks could mean only one thing—election time. Catchy slogans, announcement of platforms, and campaign speeches before the various classes preceded the actual voting for class officers and student council representatives.

## Student Centers

### The Wigwam

The Wigwam, manned almost entirely by Bradley students, is the university cafeteria where reasonable, well-balanced meals are served to the students and faculty.

### The Bookstore

We make other purchases besides books and stationery at the bookstore located on the first floor of the gym — everything from Bradley sweatshirts to souvenirs of the campus.

### The Teepee

The Teepee, just upstairs from the "Wig," serves as a gathering place for "bull sessions," between classes snacks, and coke dates.

**Lecture-Arts Series**

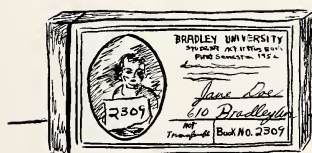

Yehudi Menuhin

Chapel dismissal

We were required to attend ten programs from those offered each semester in the Lecture-Arts series . . . the Bradley Star course brought the famed De Paur Infantry chorus to Peoria in early November . . . January saw violinist Yehudi Menuhin performing at the Shrine Mosque. We heard debates, concerts, and such outstanding speakers as H. R. Baukhage, Washington news analyst and commentator on international events. The end of each semester saw a frantic, last-minute increase in attendance . . . we resolved to get our ten chapels in earlier next time . . . somehow we usually found ourselves at the last programs of the season, in spite of our good intentions.

## Fieldhouse Activities

Carey Rovards, the organist

The radio sportscasters wind up a broadcast.

The crew put up the floor at the beginning of the season.

### ***The Fieldhouse Crew***

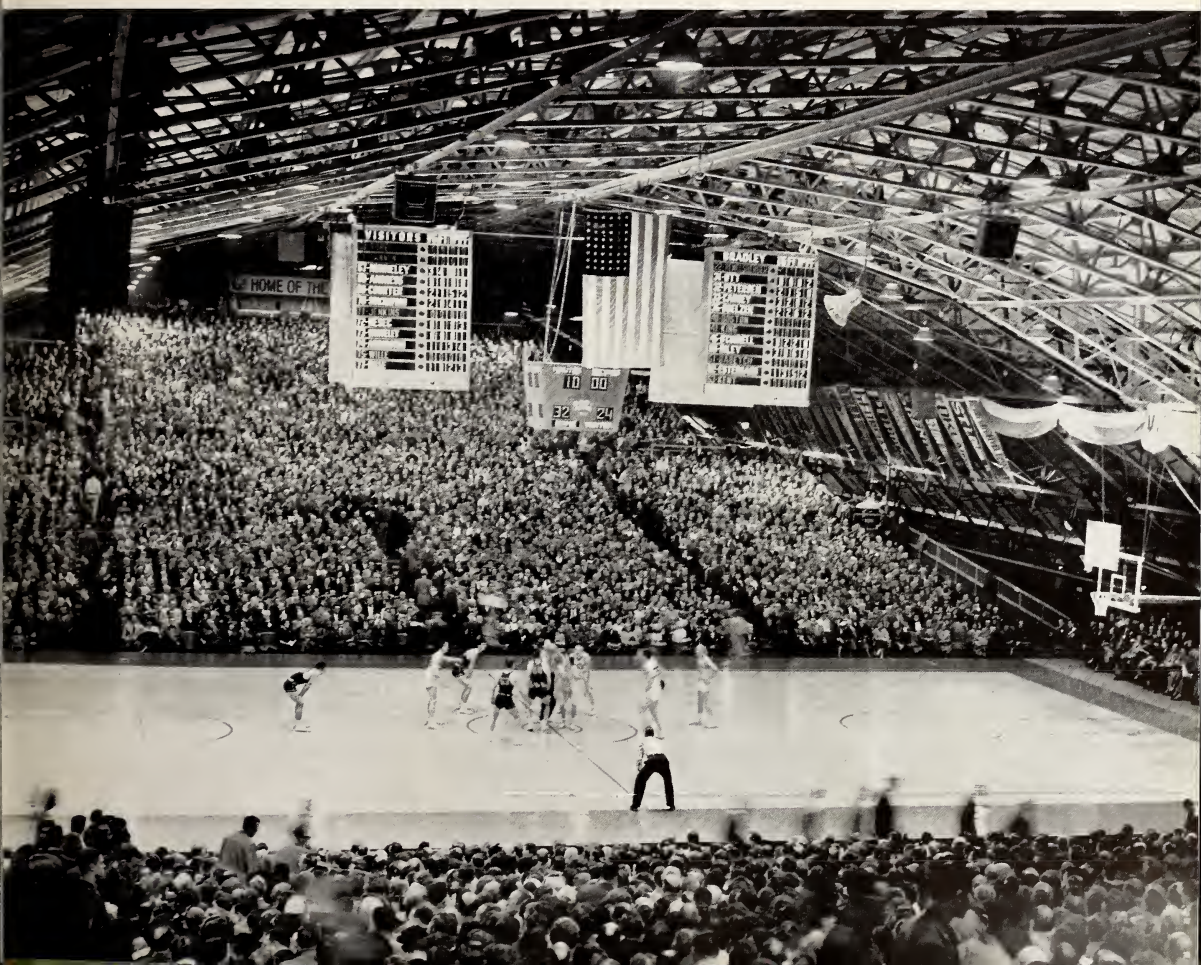

When we saw the fieldhouse crew setting up the floor and the four giant scoreboards, we knew that basketball season was about to begin. Just before each game, while Carey Rovards played the organ, the floor was mopped thoroughly, the names and numbers of the players flashed on the scoreboards, the lights were dimmed and we cheered as the opposing teams entered to begin the game.

## Bradley Basketball

When they began their season with conditioning exercises on the track, the Braves were a green and inexperienced team. But when the season ended, the "Beardless" Braves were displaying a form reminiscent of the seasoned veterans of previous years.

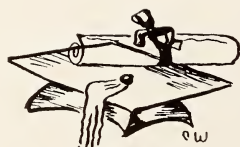

When there was studying to be done, we brought our books to the library and chose a table beside the huge windows that brought the outdoors so close. It was almost a pleasure to study at the modern blonde wood tables. When we wanted to talk, there was the basement where we didn't have to observe silence. The library means fond memories for many of us . . . the get-togethers on the library terrace at the beginning of the year . . . friends made across library tables . . . "lib dates" just before exam week when we spent an evening with someone special and got in a little studying on the side.

## Commencement

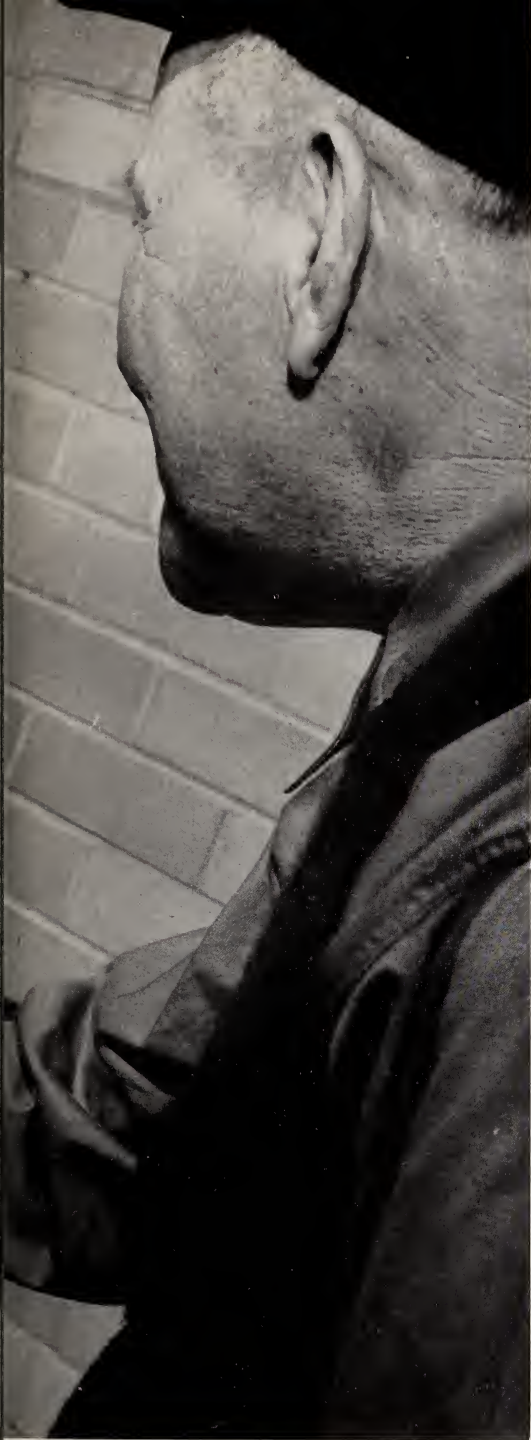

## **Graduation**

After four long years, graduation was finally here, but as we put on our caps and gowns, we somehow didn't feel the joy we had thought we'd experience. Now that this moment had at last come upon us, we knew that our years at Bradley had been years we'd remember for the rest of our lives. We were stepping up to receive our diplomas, and our hearts and minds were filled with memories and thoughts of our college days.

# *Administration*

## ***Introduction to Administration***

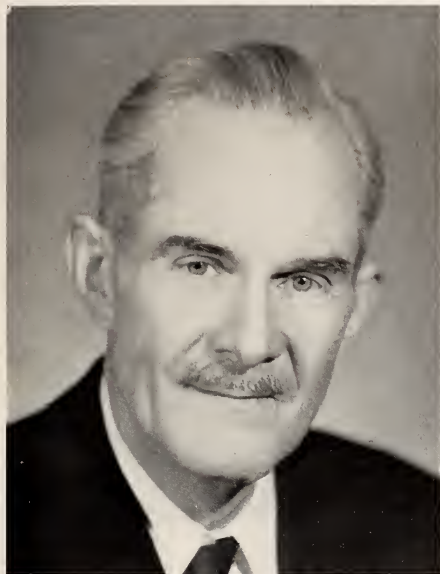

The faculty members, responsible for the education and increase in knowledge of our young men and women, proved to be more than classroom instructors—they were also good friends. They contributed in many ways to the growth, culturally and intellectually, of the university. Almost 300 strong, and including many from outside the United States, they brought new meanings to the subjects we studied.

**Dr. David Blair Owen, President**  
Bradley will always be indebted to Dr. David Blair Owen for his outstanding accomplishments and devotion to the University. Well known for his friendly, smiling greeting to students and faculty alike, Dr. Owen has worked untiringly for the expansion and improvement of all phases of campus life.

### **College of Liberal Arts and Sciences**

The college of Liberal Arts and Sciences comprises all students and programs leading to bachelor's degrees in the fields of Humanities, Human Relationships, Science and Mathematics, Home Economics, Health and Physical Education.

Arthur E. Gault, Dean

Practical application of classroom principles avoids a mere learning of theory on the part of the student.

Robert A. Jamieson, Dean

## College of Commerce

Offering programs of study in a wide range of general and specialized fields of business, Bradley's College of Commerce ranks as one of the largest in the country.

A special guidance program is provided for the two-year "terminal" students, in order to assist them in working out their courses and in formulating their plans for the future.

Dr. Wilbur W. Grimm, Dean

### ***Junior College***

The Peoria College of Bradley was organized to fulfill the needs of students who are preparing to enter the professional schools or who desire to take only two years of college work. These students are enrolled in regular university classes, or in the evening division.

The Music School includes many different types of student groups, not the least of which is the jazz band.

Kenneth V. Kincheloe, Dean

### ***School of Music***

Music at Bradley has a double function: to train students for successful careers in music as performers, composers, teachers, administrators, or executives in the music industry; and to prepare both professional and general students for lifelong pleasure in music.

The practice teaching required for the state license is done in the Peoria elementary and secondary schools.

### ***School of Education***

The purpose of the College of Education is to give its students training in the principles underlying the teaching profession through formal instruction as well as by means of practical experiences provided through classroom training.

Dr. Manley E. MacDonald, Dean

The Engineering laboratory in Holmes Hall provides much of the equipment used in the many courses in the required fields of study.

Russell E. Gibbs, Dean

### **College of Engineering**

The College of Engineering includes Civil, Industrial, and Mechanical Engineering curriculae. Not only is the standard four-year program available in these fields, but a co-operative five-year program giving pre-job training along with the academic background is offered.

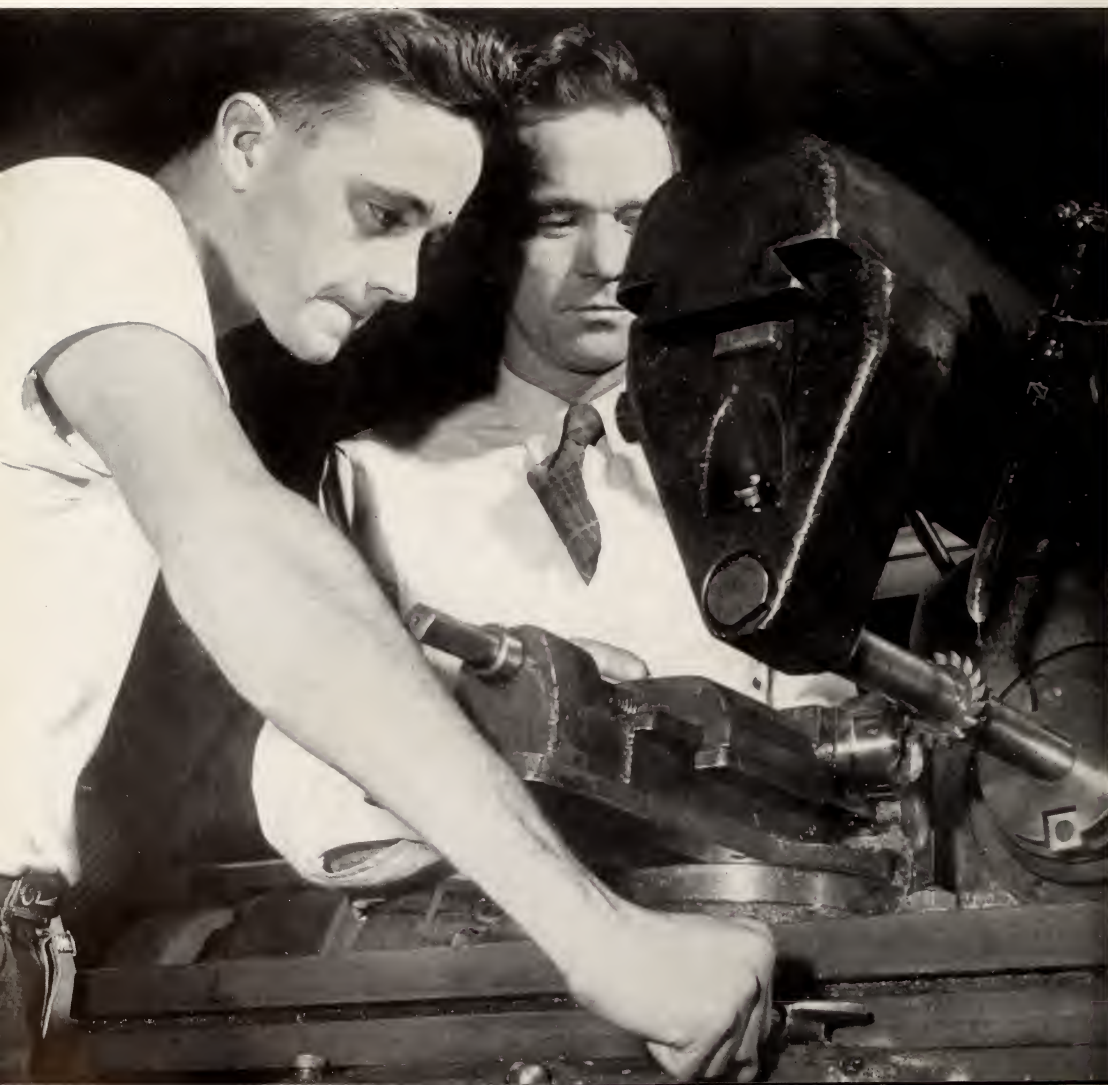

Dr. Frederick Strickler, Dean

### **Bennett College**

Two types of programs leading to a bachelor's degree are offered by Bennett College. One gives a strong and carefully planned preparation for those planning to teach Industrial Arts in the elementary and secondary schools, and fulfills requirements for state teachers' licenses. The other prepares the student for entrance into industrial and commercial activities in many different yet related fields.

The students in this college make a careful study of many kinds of machinery and tools to increase proficiency in their use.

Among the many courses included in this field are drawing, lettering, engraving, printing, portraiture, and sculpturing.

## School of Art

Students whose major interest is in Art may obtain a sound understanding and proficiency in their chosen field of study. As in any university program where the Fine Arts are offered, the School of Art recognizes the importance of developing not only a skilled craftsman, but also a person with a good general education.

Ernest B. Freed, Dean

## **School of International Studies**

The School of International Studies at Bradley provides an entirely new plan of undergraduate study, combining a broad politico-economic and historical background with a group of up-to-date technical courses indispensable to future executives and not generally offered on the undergraduate level. This program merely offers a well-integrated program of carefully chosen electives which are added to the standard plan of study, and does not conflict with either a general business training or the standard type of liberal arts education.

Dr. Alexander Baird, Dean

The International Affairs Forum regularly discusses pertinent problems in current affairs.

Many of the classes in the graduate school are conducted in an informal style which permits and encourages more freedom of discussion and exchange of ideas.

Dr. Raymond Lepley, Dean

## **Graduate School**

Graduate study is offered to students who hold a bachelor's degree from an accredited institution and to Bradley seniors of superior academic standing who are within twelve hours of completing undergraduate training. Admission to graduate study is granted only when the applicant's record suggests a capacity for advanced work and indicates substantial undergraduate training in the particular field in which he purposes to earn a graduate degree.

# *Athletics*

The year 1951-1952 was a year of changes in many ways, and athletics came in for their share of reorganization. Perhaps most surprising was the announcement in November by President Owen of the university's withdrawal from the Missouri Valley Conference.

The Fieldhouse rafters had never rung as they did the night the St. Louis Billikins bowed to Forddy's boys for the second time in six weeks.

With the coming of spring, the athletes returned outdoors to face a full schedule of warm weather sports as the year's athletic program drew to a close.

## Football 1951

The four won and five lost record of the Bradley University football team of 1951 is far from indicative of the overall team ability. A few hard losses at the hands of highly-touted opponents could easily have been turned into Brave victories and a far more impressive record.

Coach Bus Mertes, in his first competition as head football mentor at Bradley, had much power to display against Tampa in the first game of the '51 season. The nationally-rated Tampa squad was easy picking for the Braves as the Mertesmen came through to a resounding 32 to 6 win.

The Drake Bulldogs with their all-American, Johnny Bright, were next on the Braves' list. In a real heart-breaker that could have gone either way, the Bulldogs squeaked through to victory by a 20-14 score

Bernard "Bus" Mertes  
Coach

as Bright broke Charley Trippi's collegiate ground-gaining record.

The Bradley gridders ran into more tough Missouri Valley competition as they faced Wichita and were beaten, 15-6. Wayne, New Mexico A&M, and Brandeis were all over-powered by the improving Braves as

the Hilltoppers amassed 115 points in the three games.

A Detroit team which had given Notre Dame a rough tussle, barely edged Bradley by a 7-6 score as the Braves scrapped to the end.

The Braves then ran into competition which was a little too much and were thoroughly trounced by Toledo, 38-13. On the final season date, the Bradley squad invaded Bowling Green where it was defeated, 20-6.

### ***Graduating Gridders Aid Football Building***

It is generally recognized that considerable effort has been devoted to building football at Bradley university in the last year. The chief reason for this is that much stronger competition has appeared on the Brave schedule in recent seasons.

In the football season of 1951, the Braves showed good promise for future years—the building program is in full swing. Although the Brave team of 1951 was essentially a young one, much credit and recognition is due the graduating seniors on the squad. These men were responsible for some outstanding performances and did a fine job of teaching the underclassmen a good college team spirit and a few tricks of the veterans' game of football.

Following is a list of the graduating gridders: Gill Bell, Pat Brady, Bill Bushell, Jim Heiniger, Harry Levonian, George Stimac, Tom Timmis, Arnold VanEtten, Ralph Barclay, and Leo Davis. Both Barclay and Davis are now in the service of Uncle Sam.

## Basketball 1951-1952

Forrest Anderson  
 Coach

Coach Forrest "Forddy" Anderson showed his brilliance and basketball know-how as he led his young '51-'52 Bradley team to a very respectable 17 and 12 record against some of the toughest collegiate competition in the nation.

The Braves, starting five men who had never started before, two of whom had never seen varsity action, were nosed out in the season opener with Vanderbilt, 55 to 51.

However, a much favored Minnesota quintet bowed to Bradley on the Gopher floor to a tune of 58 to 54.

Still on the road, the Braves faced a very good Duke team and really took it on the chin by a score of 87 to 69.

Returning home, the Hilltoppers thoroughly smashed the Sodaks from South Dakota, 72 to 35.

It seemed as though the Braves were going to keep to the one lost, one won routine until they were beaten in two games in a row. One of these losses

came at the hands of the sharpshooting St. Bonaventure, and the other saw that Big Ten rival, Purdue, subdue the Braves 60 to 54 in a thriller that the Boilermakers pulled out of the fire in the last minutes of play.

The Braves then went on to win ten of the next 12 contests. Among these wins was the spectacular, double-overtime, 57 to 56 win over the Missouri Valley champion, St. Louis, on the Bills' floor. On the road again, Bradley lost two to Oregon State and beat Wichita, 61 to 48.

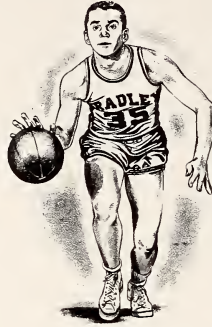

When they returned home, the Braves lost two heartbreakers—one against Drake, 57 to 56, and the other against Oklahoma A&M, 61 to 59. Then came the second St. Louis game when the Bradley men came from a 13 point deficit to defeat the Bills for the second time in the season, 61 to 60.

The Braves wound up the season strongly by beating Houston 54 to 50 and trouncing Detroit 71 to 63.

#### Credit Where Credit Is Due

After the past basketball season, it would seem unfitting not to mention some of the people who made it all possible. First, Forddy Anderson who took a bunch of green basketball players and coached them into a team, a foe to be feared by the nation's leading quintets.

Next, the men who manned Forddy's squad. Captain Leroy "Buzz" Ott—the play-maker and "cool head" of the team. Bob Carney—the sophomore all-American candidate who was voted most valuable by his teammates and who led the team in almost all departments. John Riley—the man whose fight and rebounding gained him the respect of all comers. Dick Goelzer—the big man in the pivot position. Dick Estergard—the cool sophomore who really made his shots count. And all the reserves who backed these men and furnished such able support.

And last but not least, the Bradley fans who turned out so loyally to boost the team morale.

The '51-'52 season, certainly, was one of which we can all be proud.

## Baseball 1951

Leo Schrall, Coach

The 1951 Bradley baseball team under Coach Leo Schrall compiled a terrific season's record of 17 victories against only five defeats.

On their annual southern trip, the Braves ran up a seven-game winning streak by trouncing Mississippi and Pensacola twice each, and Loyola University, Cory Field, and Whiting Field once. It was on the return home that the Bradley nine ran into its first defeat at the hands of a strong Wisconsin team, 7 to 4. This beating seemed to spur the Braves on as they broke into another seven-game winning streak, downing such Missouri Valley Conference foes as Drake, St. Louis, and Detroit. Arkansas also felt the power of the Brave attack as it dropped two to the Bradley team. Houston then came to Peoria and took a two-game series from our Braves, thus insuring their Missouri Valley crown.

To finish up the season, Bradley dropped another contest to Wisconsin, but beat Camp Breckinridge in three of four starts. The Breckinridge squad was composed of eight former professional baseball players. Led by their captain, Bill Tuttle, who hit at a .408 clip, the Braves' team batting average was .294. This furnished comfortable power for the four Bradley pitchers, Dick Metzger, Dale Hatfield, Zack Monroe, and Don Alford. Metzger and Hatfield were both undefeated in their efforts, Metzger winning four and Hatfield two. Monroe's record was five wins against two losses, and Alford compiled six victories along with three defeats. First-baseman Gerry Jacobs led the team in runs batted in with 23, and was followed closely by Captain Tuttle who knocked in 21 runs.

## Track 1951

The Bradley track and field squad, under Coach Tony Juska, got off to a slow start in the 1951 campaign.

The Braves were trounced by Monmouth in the season's opener and came out third best in a triangular affair against Drake and Loyola on the Bradley cinders.

It wasn't until the St. Thomas Relays that the Bradley thin-lies perked up and placed second with  $44\frac{1}{2}$  points. The Braves then went on to win a third place in the Central Collegiate Conference meet in Peoria and in the A.A.U. In the big Missouri Valley Conference meet, the cindersmen of Bradley came in fourth with  $39\frac{1}{2}$  points. Jim Philbee, a sophomore during the 1951 season, was perhaps the outstanding performer on the Braves track squad. Jim, filling the big shoes left by Roy Grieve, hurdled his way to fame and helped make Bradley known on the cinders.

Other outstanding point-getters on the Bradley track squad were Don Hasenstein in the shot put and javelin throwing events, Dave Watson in the high and broad jumps, and Jim Heiniger in the pole vault.

## Golf

Coach Don Ashley's linkmen finished the 1951 season with 5 wins and 6 losses against some of the toughest competition Bradley has ever faced. They also rated a fourth in the MVC meet at Tulsa and qualified for the play-offs in the NCAA Tournament at Columbus, Ohio.

Bob Togikawa again led the team by losing only one dual match and never shooting above 77 in competitive matches. Togikawa was also co-medalist in the MVC Golf Championships at Tulsa.

Togikawa, Gee, Anderson, Ireland, Coach Don Ashley

## Tennis

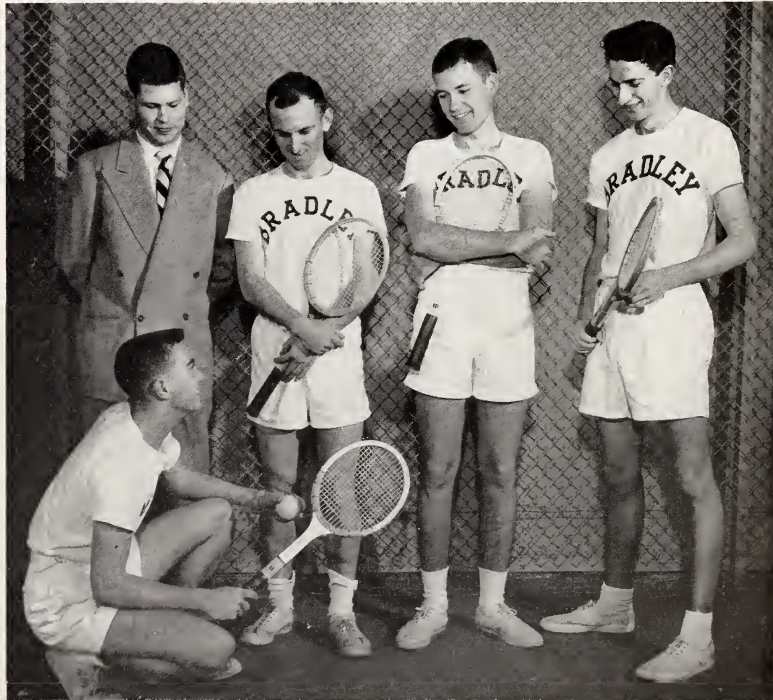

Coach Les Tucker's netmen compiled a record of 7 wins against 5 losses for the 1951 season against some very strong competition. The Hilltoppers met and defeated such teams as Knox twice, Drake, St. Louis, Northern Illinois, I.I.T., and St. Ambrose while they bowed to Illinois State Normal twice, Western Illinois, St. Louis, and the U. of Iowa.

Dave Markin played at the number one position and was captain of the team.

### Indoor Track 1952

The Bradley indoor track team fared quite well in the 1952 season. After taking a sound defeat in a dual meet with Drake, the Braves came back by winning a triangular meet over the University of Chicago and Loyola of Chicago.

In the other meets of the indoor season, the Braves placed second in the A.A.U. at Chicago and came in fourth in the Central Collegiate Conference meet at Notre Dame.

The Bradley team wound up the indoor schedule by taking a thorough trouncing from Marquette.

Bradley . . . .	25	— Loyola . . . . .	58

### The Tankmen

The mermen finished the season with a record of three wins and six defeats. The tankmen also placed second in a triangular meet with Monmouth and Western Illinois and fifth in the North Central Invitational in which eleven schools participated.

Coach Waino Thompson's mainstay is Fred Lux who excels in both the breaststroke and free style.

### **Cheerleaders**

The freshman cheerleaders at Bradley came through like veterans despite their youthfulness which coincided with the youthfulness of the hoopsters. Never before have Bradley fans responded so highly and with such ovation to the lead of cheerleaders of the red and white.

Barb Altpeter and Mike Cody started out the season with football and were later joined by Joan Hamilton during the basketball season.

The Majorettes provided striking half-time entertainment this year during both football and basketball games, and also partook in the half-time ceremonies at St. Louis.

The twirlers were directed by Mr. Lawrence Fogelberg. The twirlers are Marilee Streibich, Lois Stiarwalt, Louise Nielson, Joanne King, Willa Sue Sittton, Gloria Snedden, and Jean Swiger.

### ***Inter-Fraternity Athletics***

Inter-fraternity sports this year have been keen and active under the successful guidance of John "Dutch" Meinen. The competition was rugged and the honors thus far have been more divided than in the past.

Alpha Pi started out its athletic program with an undefeated record in football. Sigma Chi took the highly contested basketball trophy and was also first in bowling and swimming. The wrestling and ping pong championships went to Lambda Chi Alpha, and TKE again reigned supreme in volleyball.

Bob Schick and Don Shaver of Theta Xi team up in a ping-pong doubles match.

## Men's Intramurals

Bradley Intramural Athletics played a large part in Bradley's athletic program under the highly successful direction of John I. Meinen, Coordinator of all Intramural sports on the hilltop. The year round sports program included all phases of activity.

The 1952 baseball champ was Los Toros who lost the all school championship to the inter-fraternity champions. The Mad Dratsabs were the basketball champs and went on to

win the all school championship by defeating Sigma Chi, Inter-fraternity champs, 59 to 47. Dick Wickstrand was high scorer with 27 points. Ed Hancock took the singles crown in ping pong, and Duane Peterson and Don Stamp teamed up to win the doubles. Hancock also defeated Frank King to win the title of all school champ.

Congratulations are in order to John "Dutch" Meinen for his tireless efforts in building up the intramural sports program to the finest in the school's history.

## Women's Intramurals

Under the direction of Miss Jean Hosafros, the Women's Athletic Association provided spirited year-round tournaments on campus and several trips to member schools of the W.A.A. to make up a well-filled calendar for women's intramural sports.

Each year the W.A.A. organizes tourna-

ments among the six sororities and independent girls in field hockey, volleyball, swimming, basketball, badminton, tennis, archery, golf, and softball which gives every girl an opportunity to enjoy and compete in her favorite sport.

Miss Hull and Mrs. Stegner are the faculty advisors of the W.A.A. board. The remainder of the board is composed of representatives from each sorority and the independents.

## ***Introduction to Organizations***

With over eighty student organizations on campus, it wasn't hard to find the ones in which we had a special interest. Besides the academically inspired clubs, which gave added importance to our class-room studies, there were organizations devoted to special interests. The honoraries elected new members who had proved their interest in a special field. The governing boards gave us a chance to express our opinions and work for the general betterment of student life. Whether we were committee members or held offices, we participated willingly in the various clubs, made new friends, and gained additional knowledge.

## ANAGA

Working on the ANAGA meant capturing the spirit of Bradley students and their activities, through words and pictures. The student organizations, elections, dances, and parties were recorded; the thousand fleeting memories collected from September to June were set down in the pages of the 1952 ANAGA to be cherished long after we've left the hilltop.

Every Thursday we picked up our copy of the "Scout" in B hall and scanned the pages to see who was pinned, what chapels were being offered, and what teams the Braves had scheduled for the next week-end. Over forty reporters and editors made up the staff which put out the eight-page weekly paper.

# Features

## ***Introduction to Features***

Various features of our days spent at the university on the hilltop will remain with us long after we've donned our caps and gowns and stepped up to receive our diplomas. We'll remember the fall elections . . . the card and gab sessions in the dorms . . . struggles with uncooperative house decs at Homecoming . . . coke dates in the Tepee . . . registration and the disappointment of finding a certain class "closed" . . . exchange parties on Friday afternoons and house parties where we all showed up in outlandish costumes. These and other features of our campus life will be stored in our memories to be recalled when we're bent and tottering.

Miss Fran Nye  
Editor, 1952 ANAGA  
Bradley University  
Peoria, Illinois

Dear Miss Nye:

It has been a great pleasure to judge the beauty contest for your annual ANAGA. The photographs of the candidates, which you submitted, were all so attractive that I found it difficult to make a decision. It was also difficult to make my selection without seeing and talking to each contestant.

The winners, listed on a separate page, were selected on the basis of personality, character, and intelligence, as well as for natural beauty. My choice was influenced, of course, by my great interest in and admiration for the Natural Girl.

If the contestants are ever in New York, it would be a pleasure to meet them. With best wishes to the contestants, to the staff of ANAGA, and to the students of Bradley University, I am

Sincerely yours,

Young boys of the community get together with basketball coach, Fordy Anderson, and the men of Sigma Chi.

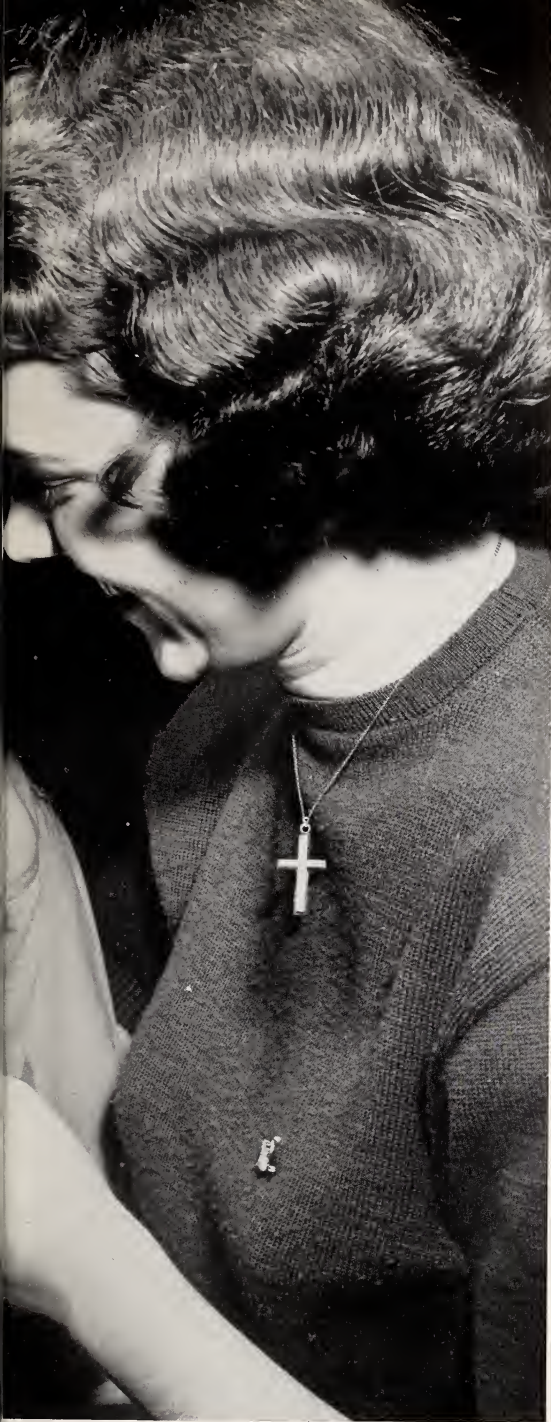

# HOME OF THE BRAVES

# Greeks

## **Introduction to the Greeks**

The Greeks symbolize the spirit of Bradley university. They strive constantly to out-do their fellow Greeks, but when a fraternity or sorority needs help, they stick together unquestioningly. They are continuously expanding, with the formation of new sisterhoods and brotherhoods, to keep pace with the growth of the university. Need anything be said about the steady round of parties, dances, and exchanges, which are typical of the enthusiasm and aggressiveness of today's youth? The Greeks can be serious too, and with a thought toward people less fortunate, they plan bazaars and benefits and do volunteer work for charity organizations. All in all, they form the backbone of campus life at Bradley.

Pat Chant, Mary Ann Malone, Cynthia Spalding, Martha Samuelson, Susie Verner.

## PAN HELLENIC COUNCIL

The Pan Hellenic Council, which is a member of the National Pan Hellenic Association, is composed of one delegate and one representative from each of the six sororities. The delegate from Pi Beta Phi is Susie Verner; from Chi Omega, Cindy Spalding; from Gamma Phi Beta, Pat Chant; from Sigma Kappa, Martha Samuelson; from Delta Chi Delta, Mary Malone. Two new sororities, Delta Chi Delta and Beta Phi Beta, were added to the Council this year. The purpose of the Panhellenic Council is to act as a governing body for the sororities. One of its foremost obligations is the formulating of rules for rushing. Included in this year's activities were the Panhellenic Dance, "Fantasy in Pastel," a scholarship banquet, and the annual Greek Sing. The Council once again sponsored a war orphan as it has done in previous years.

The Interfraternity Council is made up of the President and one other representative of each of the eleven fraternities on campus. The Council was set up for the purpose of promoting better understanding among the fraternities. Officers for Interfraternity Council are Jack Shaver, President, Bill Martin, Vice-president, Robert Owen, Secretary, and Paul Hopkins, Treasurer.

Among the activities sponsored by the Council this year were interfraternity sports, a scholarship cup award, the IFC dance, fall rushing, and the Greek Sing. Also, a co-ordinated program of exchanges with the sororities was established. Representatives were sent to the National Interfraternity Council in Virginia this fall.

SENIOR CLASS . . . 1952

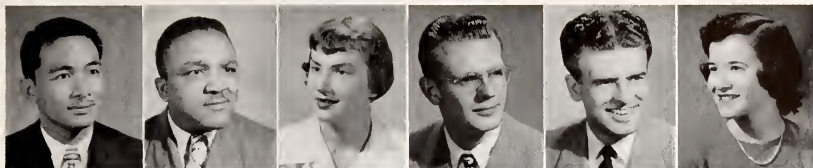

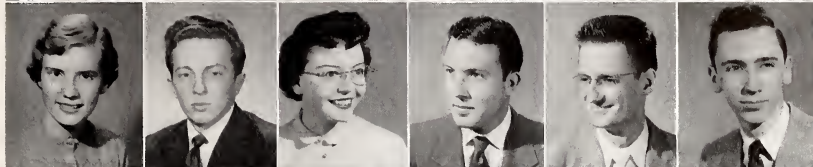

## **JUNIOR CLASS OFFICERS**

The members of the junior class elected their officers in October . . . chosen to lead the class was John Myers . . . other officers were Dick Bingaman, vice-president, Margie Meinen, secretary, and Bob Lyons, treasurer. There were many outstanding members of this class of 1953 . . . perhaps one name that we can't forget is that of Leroy "Buzz" Ott, captain of the basketball team, and re-elected captain for the year 1952-53. During the year, the class gained valuable experience for the time next September when they take over as the "upper" of the upperclassmen.

# Westward Ho!

*east... north... south, too!* Frontiers have changed. Generations ago,

"Westward Ho!" was the cry. Today, newer, bigger frontiers have opened up . . . east . . . west . . . north . . . south . . . *everywhere!* But human characteristics have not changed: now, as then, the man with know-how, ambition and the will-to-work, wins! True, geographic boundaries no longer identify a frontier. Yours may be in medicine . . . industry . . . agriculture . . . research . . . a business of your own! How can you recognize your frontiers? Take a tip from the pioneers. They saw their frontier as a challenge to overcome obstacles . . . they knew that an honest day's work brought them an honest day's return. They found that freedom . . . happiness . . . peace . . . wealth . . . the right to be somebody, had to be earned . . . and were well worth earning!

Choose a *worthy* frontier for your goal. Then, be willing to work as hard for it as did your forefathers. On the other side of your frontier is success. Bon voyage!

TALENT

Want excitement? want to meet people? want a good job regardless of your training or talents? Then get into department store retailing! Few careers offer more to those with patience, ability and will. This is particularly true of Block & Kuhl Co.

Progressing from one store, in 1879, into a Statewide, \$30,000,000 business with nineteen stores, Block & Kuhl has consistently held to the policy of promotion from within. Key positions throughout the Company are held by persons who have come "up through the ranks."

As we continue to grow, we continue to need men and women who are interested in earning while they learn any of the specialized fields that comprise the complex operation of a department store.

Won't you write us, or come in? Our personnel director will be happy to acquaint you with the details, benefits and opportunities that await you at Block & Kuhl's.
